

**LIVE ONLINE INSTRUCTION. FOR SCHOOLS. IN SCHOOLS**

Greetings Parents,

Welcome to Elevate K-12! The Elevate K-12 program is a system of teaching and learning that connects highly-qualified live, online instructors from across the US to students in a full-group classroom instruction setting. Your child has been chosen to participate in Elevate K-12 at his/her campus, which will support your child in mastering the skills and concepts that are essential for success in their future educational endeavors.

The Elevate K-12 program closely monitors the progress of every student individually, in order to increase mastery and improve test scores. Because students connect with a live, online instructor, students are not expected to login and use Elevate K-12 at home; there is a designated time during their school day when Elevate K-12 will be used. Homework may be assigned by the instructor, and tests/quizzes will be given on a regular basis to assess student understanding. Your child will also be guided by an in-class Classroom Coach, who will provide all necessary materials, resolve any technology issues, and encourage active participation and engagement during the sessions.

### **Tips to Help Your Child Succeed**

- Attendance at Elevate K-12 sessions is one of the most important factors to a successful experience. Find out when your child is scheduled for their Elevate sessions, and make sure they attend.
- Ask your child about what they are learning with their live, online instructor, just like you would with any other class! Questions such as *what is something new you learned today?* or *what did you cover in your Elevate class today?* will help students reflect productively on their time spent with their instructor, and may spark some great discussion in your household!

### **About Elevate K-12**

Elevate K-12 is passionate about creating high quality teaching and learning opportunities for teachers and students. We are on a mission to make zip code free teaching available to all students, irrespective of where they live. We take pride in creating value and opportunities for children and women. Get ready for a new way to classroom! This program is structured to deliver primary instruction, using technology to connect students with expert teachers. You can find out more about Elevate K-12 by visiting our website at [www.elevatek12.com](http://www.elevatek12.com).

We can't wait to see your kids in the class!
