

Classroom Management

What is Classroom Management?

Classroom management is a set of strategies and skills used to ensure that the classroom runs effectively and smoothly with limited to no student disruptions and/or distractions.

At Elevate K-12, effective classroom management is key to fostering a positive learning environment where all students can thrive.

Elevate teachers and Classroom Coaches work as partners and play key roles in managing the learning environment.

Who's Who in the Elevate LIVE Class?

Elevate LIVE Teachers	Classroom Coaches
<p>Elevate teachers are US-state & content certified</p> <p>Elevate teachers prepare engaging, interactive lessons to capture students' interest</p> <p>Elevate teachers strive to create a balance of social-emotional learning and performance in the Elevate LIVE Classroom.</p>	<p>Classroom Coaches collaborate with the Elevate teacher, creating a structured learning environment with clear expectations, routines, and a consistent consequence and reward system</p> <p>Classroom Coaches maintain order in class by monitoring student behavior, assisting with activities, and offering personalized attention</p>
